Bill Cowles Honored at Noche Feliz

Bill Cowles, founding supporter and former board chair of Cornerstones Community Partnerships, was feted at the 2007 event. From growing apples in Vermont to planning and developing an environmentally and socially responsible resort in the British West Indies, Bill gives all he has to his projects. Cornerstones is no exception. His tireless work on behalf of Cornerstones and his generosity inspires volunteers, board members and staff.

Bill's great sense of humor is well known. The drawing he created for a T-shirt exhibits his artistic talent and wit.

Last year's Noche Feliz was the most successful event ever. Over 85 artists donated their work and were joined by individuals who contributed 18 specialty items. The silent and live auctions had something for everyone. Cornerstones thanks all our generous donors, board members, event committee members and volunteers for their efforts in making the evening thoroughly enjoyable.

Noche Feliz returns to the Lumpkins Ballroom at the historic La Fonda Hotel this year. Please join us on Friday, October 3 to have fun and support the work of Cornerstones.
